REFERENCE:

Submitted to the Government.

2. The Board in its reference dated 13-5-44 pointed out to the Collector that menials should not be employed on clerical work and requested him to submit Comparative statistics of work for war and pre-war periods in the Deputy Tahsildar's offices in which he proposed the employment of the additional staff. He was also requested to state how he proposed to employ the peons. In the circumstances now reported the Board recommends the Collector's proposals contained in his letter second cited above. It observes that Hosdrug is the area in which L.R. Collections are always so unsatisfactory.

Ref:- Board's Ref.M.3506/44-1 dated 13-5-44.

The Deputy Tahsildar's offices have got 3 peons each. One of them attends to despatch work. The other two are being employed in serving revenue summonses and notices issued by the Deputy Tahsildar's Office and higher offices and accompanying the Deputy Tahsildar into camp; but of late the war work has increased so much that both the peons have to be frequently running up and down the sub taluk taking out urgent orders to village officers to rice distribution centres etc., and bringing replies, with the result that the Deputy Tahsildar is often obliged to tour without a peon. The additional peon asked for is thus intended to accompany the Deputy Tahsildar when he goes on tour and to take notices and orders to village officers at other times. The work has increased so enormously that the need for an additional peon seems almost obvious.

than 20 per cent being effected by him. The Accountant General brought to the notice of the Board that a record of such per centage check of sub treasury vouchers was not being maintained in the District Treasury, Vizagapatam, on the ground that the maintenance of a register was not specifically prescribed by the rule. The Board has examined in consultation with the Accountant General the necessity for the maintenance of such a register and considers that a register in the form appended to these proceedings should be maintained to enable the inspecting officer of the Audit Office as well as the Collector to verify whether the check has been properly exercised. The register will be standardised under group R.F. XXIV-N (special to District treasuries) and assigned serial No. 44. The Collectors of all Districts are requested to obtain the forms from the Superintendent, Government Press and to see that the registers are maintained by their Treasury Officers.

The suggestion of the Superintendent, Government Press contained in his letter No. P.S. 29-37 dated 24-2-37 is approved He is requested to arrange for the early printing of the form and its supply to Collectors on their indent.

2. I enclose comparative statistics of work for war and pre-war periods in the Deputy Tahsildar's offices called for by the Board. These statistics though they do not show the considerable volume of war work turned out by the Deputy Tahsildar's offices yet by themselves bea out the recommendation for additional staff. If in addition to this the enourmous and urgent nature of the war work is taken into account, there cannot be any doubt that these offices need strengthening immediately. The additional items of work which the Deputy Tahsildar's offices are called upon to attend to are propaganda and publicity, recruitment, educational concessions, civil supplies (wheat, wheat flou Bengal gram flour, sugar, Kerosene, rice and paddy) including rationing and distribution, grow more food, collection of contributions to the National Savings Certificates, requisition, textile and yarn control order, mill made standard cloth etc., and it may kindly be remembered that these multifarious items are being attended to by the small xx lim ted staff of only 3 clerks by working several extra hours. In view of the fact that taluk offices which have got a much bigger staff have bee sanctioned extra clerks already, it appears essential that the Deputy Tahsildar's offices should be strengthened in a greater degree, if their efficiency is not to be impaired. Then there is the further fact that criminal work also has correspondingly increased.

Though in my report Ref.A.2/1332/44 dated 6-5-44 I recommended the appointment of a L.D.C., and an attender of the peon's grade to eac of the three Deputy Tahsildar's offices in this district, I consider th at least 2 clerks, & one special Revenue Inspector are needed for the Hosdrug Deputy Tahsildar's office. It is an admitted fact that this Deputy Tahsildar's office is the heaviest among all the Deputy Tahsilda Offices in this district even in normal times. The work has increased by leaps and bounds after the outbreak of war on account of the acute food position which is peculiar to this sub taluk and the work connecte with recruitment and welfare of the families of soldiers which are also particularly heavy in this sub taluk. The criminal work in this Court is second only to that of the S.S.M's court, Mangalore and nearly double that of the S.S.M's courts of Coondapur and Karkal. The Kudt work in this office is equal to that of the taluk office of Coondapur and Karkal. The Land Revenue collection work is more arduous in this sub taluk, this sub taluk alone being reponsible for more than half the arrears in the district. This sub taluk is similar to Mala-bar in many respects, especially in the matter of rice situation. Informal rationing has been undertaken through out the area and identity cards have been issued in most of the villages. The work however, has been slip shod and unsatisfactory and it is necessary to redo the whole thing on a satisfactory basis by careful enquiries.

Preliminary to the issue of identity cards, a careful census of the households has to be taken in order to avoid waste and ensure equi-table distribution. Non-official agencies have to be depended upon for this work but it is found difficult to secure a sufficient number of sincere and willing workers in every village and experience has shown that the work done by a majority of these non-officials is anything but accurate. The Deputy Tahsildar has therefore been obliged to attend to it himself with the help of some sincere volunteers. Even after all the identity cards are issued, there will still be large number of petitions daily asking for more rations on the ground of temporary accession of strength in each household. These petitions have to be disposed of with expedition and it can only be done after a personal verification by a reliable officer. The existing staff has been found unable to cope with this abnormal increase in work. Hence my recommendation for an additional clerk and a Special Revenue Inspecto I request that the Board may be pleased to recommend to the Government for sanction of this additional staff for a period of 3 months from the date of appointment.

Establishment - Dy. Tahsildar's offices - increase of work - Additional staff - Sanction - Proposal.

There are three Dy. Tahsildar's offices in this district The establishment in each of them consists of three clerks and three peons. One of the peons is deputed to do despatch work. Though during normal times, this staff can be considered to be sufficient, it is not able to cope with the increase in work due to the present war conditions. The additional items of work that have now devolved upon the Deputy Tahsildar and his staff consist of War Propaganda, Publicity and Defence Savings Scheme, Recruitment, attending to Civil Supplies, informal rationing and distribution of rice, the last being the heaviest item. Considering the considerable increase in work, the Government have been pleased to sanction additional staff for all the Taluk, Revenue Divisional and Collector's Offices. It is only the Deputy Tahsildar's offices that have not been strengthened. I find that it is necessary to do so now by the appointment of a L.D.C. and an attender of the peon's grade in each of the offices.

The Collr. has furnished statistics as per 5 Cf. The figures of the 10 Taluks for 1940 to 1943 are compared below:-

	1940	1941	1942	1943	Increase in 1943 as compared with the 1940
1) Belthangadi	5357	5251	6070	7539	2182
2) Hosdrug	6498	6775	6659	7180	682
3) Bantwal	4881	5959	6284	6130	1249

The existing staff in each of the three offices is three clerks and three peons. The staff proposed is one addl clerk and one addl. peon for the Belthangadi A as per p. 7 Cf.

and Bombwal Offices are three addl. Clerks (one of them for work as Rev. Inspr) and one addl peon for the Hosdrug Office. From the figures shown above there appears to be no case for extra clerks for Hosdrug where the increase in receipts is the least compared to the other two Offices. It is therefore for consideration whether the Supdt proposed may be on a uniform scale viz one addl clerk and one addl. peon for all the three Offices.

N
10.7.44 Fin. One LD clerk, one RL & one peon may be sanctioned for Hosdrug since apparently there are special difficulties relating to inward returns & LR Matters in the area.
